Zurbarán is a Short Cycle Higher Education Institution focused in entertainment, leisure, educational physical and sport activities. Our geographical scope will be developed in several English spoken countries such as UK, Ireland and Malta due to our bilingual English section. Furthermore, Zurbarán Institution city (Badajoz) is bordered by Portugal country. This fact will contribute to achive several kind of international objectives in the framework of European Union's modernisation and internationalisation. Other non participating countries EU such as Switzerland will be partner in Zurbarán's strategy.

Zurbarán EUC has been involved in Erasmus Program SMP, right now. The interest of Zurbarán educational community in international Project has increased and Zurbarán Insitution's international strategy is prepared to assume a wide range of mobilities:

- Student mobility (studies and traineeships): student mobility of studies will be developed in Portugal and some other EU countries and student traineeships will be developed in EU countries enterprises and non-participant EU countries enterprises such as Switzerland. Traineeships will be aimed as an important mechanism for matching graduate skills with labour market needs, as well as for the personal development of students. Some hotels and activity camps companies are demanding vocational training in our field in their entertainment departments. Adventure tourism companies and leisure sport centre are companies subject our concern too.
- In the same sense, staff from enterprises will be warned to deliver training courses or workshops in HEI. This mobility will help students and staff to be up date of new trends and way of working in the field of sport, educational and leisure activities.

- Zurbarán institution will support and promote staff (academic and non-academic staff) mobility for teaching and training. Through this kind of mobility Zurbarán's staff will meet and share other ways of work and awareness of other educational system. With focus on priorities such as quality and innovation in teaching.
- In the same sense, this fact will contribute to strengthen synergies for future training and bilateral learning agreement.
- Some of our partners have been collaborated with our Institution for 3 years since the beginning of our EUC and other agreement will be developed in the near future in the framework of ECHE

Objectives:

- Promoting learning International languages
- Improving the quality and relevance of higher education.
- Increasing concerns about the quality of cross-border education.
- Involving the whole school community in mobilities: Staff mobility (academic and non-academic), student mobility (for studies and for traineeships) as a cornerstone of the internationalisation and modernisation of higher education.
- Reinforcing the quality of student and staff mobility.
- Increasing employability opportunities.
- Proposing a quality framework for traineeship to help students get the practical knowledge needed for the workplace.

Some countries (EU and non EU) could be fine for international volunteer projects. Zurbarán Institution will support and promote cooperation across Member States with global partners in order to enhance the social, economic and territorial contribution of higher education. Spain and Portugal have an International border network for volunteers (RTV) and this fact can be spread out for other countries in youth's framework with the objective to support the modernisation and internationalization of Higher Education in the Partner countries.

Expected Impact (in terms of the policy objectives you intend to achieve

Zurbarán school is the only high Institution in Extremadura area with two bilingual section (English and French). This strategy will reinforce the quality of students and staffs, increasing their language and compentece levels and will contribute to the European Union's modernisation and internationalisation.

The wide range of mobilities applied will increase concerns about the quality of cross-border education. Extremadura area just in the border with Portugal can take advance in this fact and staff (academic and non-academic staff) agreement can be developed in this sense.

Since, Zurbaran Insitution has been involved in several European Projects such as Leonardo da Vinci, Comenius (bilateral and multilateral), Individual Pupil Comenius, eTwinning. By signing this Charter, Zurbaran institution will contribute to strengthen synergies with other educational levels.
